Outreach Playbook

- **Street Assembly Intelligence** — Early intelligence on off-market opportunities on or near Caddis Boulevard—adjacent parcels, pocket listings, or

- **Build-to-Rent Pipeline Partner** — Market data on comparable rental rates in emerging Raleigh neighborhoods, vendor/contractor networks for rapid rehab
- **Geographic Expansion Catalyst** — Intelligence on other Raleigh neighborhoods with similar demographic/rental dynamics to Caddis—areas where the same

I've been tracking development activity on Caddis Boulevard and noticed you closed on three contiguous properties there in January—all new construction, all generating solid rental income. That's a really intentional play. I'd love to understand your vision for that street and whether you're looking to expand that cluster or replicate the model elsewhere in Raleigh.

Strategic Suggestions

- Research comparable neighborhoods in Raleigh where the same profile exists: new/rehabbed properties in the $288-290K range with $2,000+/month rental
- Map all current properties in the Caddis Boulevard area that might represent next acquisition targets—vacant lots, aging homes eligible for rehab,
- Build a short vendor/contractor roster specific to Raleigh fast-track rehab work and permit acceleration. Have this ready to share—it signals you

Conversation Starters

- *The three Caddis properties you picked up are all new construction from 2024. Was the goal to acquire finished product*
- *You've pulled 13 permits across these three addresses. Are those primarily for finishing/compliance work, or are you*
- *With three properties clustered on one street, what does the next 12-18 months look like—are you holding and operating*

Agent Representation History

✓ **No Agent Relationship**

Bought 3 properties direct from builders — no agent relationship detected
